

Access to Catwalks in Jubilee Pavilion, Goyder Pavilion, Ridley Centre, Brick Dairy and Alpaca & Goat Pavilion– Induction Form

Access will only be granted to individuals who read and agree with the following and that have experience in working at heights and have suitable Third Party Insurance Cover.

Access

1. Will be gained from the appropriate stairs following booking a set of keys from Venue Management.
2. Will only be allowed during bump in and out times.
3. Will be restricted if our installation crews are using the walk ways.
4. Food and beverage is not allowed at anytime on the indicated catwalks.
5. Under no circumstances are electrical connections or disconnections to be made to switchboards or similar on the catwalk and items must not be plugged in to outlets on the catwalk without authorization
6. Required safety equipment is used eg: harness / lanyard etc.

Banners

1. The hanging of banners and signs must only be carried out by **licensed** riggers and they must be supported from the rated hanging points.

Tools

1. If tools are needed they are to be carried in a suitable tool bag or similar and must be secured by a safety lanyard to the person during use.

Warnings

1. It must be noted that there are many low beams and pipes which are a hazard to individuals and in areas the width of the walkways are restricted considerably.
2. There are marked emergency exits that need to be noted prior to entering the walkways so that an escape route can be planned.
3. The effects of dropping a relative small component from 10 metres can be fatal to an individual and must be taken into consideration at all times.

Solar

1. External Contractors must provide a JSA or similar prior to commencing work on the Solar Panels.
2. A COC must be completed and issued to the Adelaide Showground Venue Management office on completion of any electrical work.
